2. The Congressional breakfast is still on schedule for 13 August with 9 congressmen signed up as of the moment.

3. Mr. Proctor briefed on the to-and-fro of the Indian Ocean/Diego Garcia flap. The production Office Directors were asked to make sure that the thrust of their finished intelligence items take into consonance recent NIEs and SNIEs on the subject; if there are significant differences in judgments, these should be well spelled out.

4. Mr. Proctor again reminded the group to be on the look-out for possible probings by foreign countries during the present transition period in the US. FBIS will provide its special foreign reactions summary to the Operations Center by midnight tonight so that it can be used if necessary in the morning publications.

5. Mr. Proctor mentioned the high number of security violations incurred by the Directorate in July, and asked that the word be passed to be more vigilant. He also asked the Office Directors to get together with the DDI Security Officer to review the security check systems now in force.
